

Welcome Letter

Dear Friends and Colleagues,

On behalf of the organizing committee, I am honored and delighted to welcome you to the third International Conference on Radiological Science and Technology (ICRST), scheduled for October 21, 2017, in conjunction with the 45th Autumn Meeting of the Japanese Society of Radiological Technology (JSRT), which will be held from October 19 to 21, 2017 at International Conference Center Hiroshima in Hiroshima, Japan. The 3rd ICRST organized by the JSRT continues a series of international conference from 2011. The ICRST will provide every participant with great opportunities to research results, share knowledge of radiological technology with more than 700 attendees and enrich their professional network.

The theme of the 3rd ICRST 'New Horizon -Imaging Wisely and Radiation Safety-' will underpin the need for collaboration and cooperation between radiological technologists, medical physicists, radiologists, other imaging practitioners, and patients to help them lower radiation dosages used in medically necessary imaging studies. We wish to optimize the use of radiation in imaging patients while guaranteeing a radiographic high-quality image.

We hope that the 3rd ICRST results in productive discussion and stimulates all participants to carry out further research activities. You will find it to be peaceful here in the beautiful autumn season in Hiroshima, Japan.

We are looking forward to seeing you all here.

 **Akio Ogura, Ph.D.**
Conference President of the 3rd ICRST

Call for Papers

Important Dates

Call for Papers opens April 20, 2017
Call for Papers closes June 1, 2017 **Only online submissions will be accepted.**

Presentation Categories

Oral Presentation

7 minutes' presentation followed by 3 minutes for questions and answer discussion at the conference room

Poster Presentation

Allocate a specific time to present a 30 minutes' on-site discussion from viewers within the 3rd ICRST program

Participants will be able to view all accepted presentations at the 3rd ICRST via the touch screens or available computers.

Notes

- Only abstracts submitted in English will be reviewed
- Abstracts should be original work
- Abstracts must not exceed 320 words (excluding the title, authors and affiliations)
- All abbreviations must be spelled out on first use
- Abstracts should be thoroughly checked for spelling and grammar

Additional information about the conference will be posted as it becomes available at <http://icrst.jsrt.or.jp/3rd/> .

Still Have Questions? Please contact the 3rd ICRST organizing committee, at icrst3@jsrt.or.jp if you have any questions on the Technical Program or the Call for Papers.
